Awards

AEB- Arab Engineering Bureau Junior
Award (2023)

Four Dean's List Certificates (2021 - 2023)

WISH-Summit EARTHNA 2022
Competition (Third place)

Experience

Internship at Qatar Museums (Summer 2023)

Following a course i took in Fall 2022 about Exhibition Design, I completed a summer internship in July-August 2023 under the Exhibition Design and Build Department at Qatar Museums, that involved site-visits, in-depth critical communcative design assignments, and creating 3D rendered visuals for the upcoming YUZ Museum exhibition in Shanghai. The internship allowed me to further expand my knowledge within exhibition design, and the implemented skills needed for the creative field of design.

Student Employment

● *Academic Advisor Assistant (2020-2023)*

Enrolled under the Student Advising Department at VCUQ, with work hours specified to assist students and providing Profolio review sessions for Freshmen Students.

● *Student Research and Teaching Assistant (2020-2023)*

Working as a ateaching assistant for Drawing Studio (Fall 2021-Spring 2022), in addition to working as a research assistant for the Interior Design Department chair (2022-2023) to discuss departmental improvements, while working in contribution for X-LAB, a multidisciplinary student/faculty team of designers at VCUQ.

● *Multidisciplinary Project Leader (2022-2023)*

Working in collaboration with Texas A&M university in Qatar for a collaborative project between Arts and Engineering; through building sculptural designs, managing results, and representing VCUQ's creative thinking and merging it with different disciplines. Our project outcome placed Third in the WISH-Summit EARTHNA competition in 2022.

Collaborations

Created an artistic installation for Profiles Cafe in Musheireb

Collaborated with Qatar Museums Student Public Art Engagement in an ongoing project to create an installation for LIWAN Design Studios in Qatar.

Multi-Media Arts

- Still-life drawing
- Free-hand and digital sketching
- Marker renderings
- Mix-media collage renders
- Architectural model making

Interests

- Volunteering at local and international organizations
- Architectural and Urban Sketching
- Still-life drawings and free-hand drawings
- Multimedia design projects

Volunteering

Interior Design Workshop for Doha International Center for Special Needs (2023)

Participated in a workshop where we aided participants with Down Syndrome in creating a handmade model of an interior space. We strived to understand them and helped their creative thinking become a reality without diminishing their intelligence or skills.

Qatar Scientific Club (2021,2022)

Worked in a team of student volunteers at QSC where I monitored different age groups of children and young adults participating in the club. I helped in organizing registration lists and enrollment checklists, while leading different age groups; (boys aged 7-15, and girls aged 10-15), monitoring their needs and communicating creative thinking, while engaging them in scientific experiments.

Conferences

Interior Design Workshop for Doha International Center for Special Needs (2023) Tasmeem Doha: Forensic Architecture Crash-course by Eyal Weizman (2022)

Learned about how architecture can be used to investigate human right violations (specifically in Palestine) through model making, architectural analysis, and immersive technologies.

Student Clubs

VCUarts Qatar Activism Club (2020,2021)

Using art as a form of activism, where I designed marketing media such as posters and social media to promote the club. Created a piece for the "Turning Insecurities into Art" exhibition. The exhibition was presented to guests and invited to be displayed in Carnegie Mellon University in Qatar

VCUarts Qatar Beautification Committee (2020,2021)

Designed marketing media such as social media posts, posters, and various modes to promote events happening at VCUQ.
